

Aldine ISD: HB 2 funding

District 101902 | 2025-26 comparison workbook

Estimated Support Staff Retention Allotment	\$1,913,805.68
SSRA attributed to attendance adjustment	\$0.00
Sparsity-adjusted regular program ADA	42,529.01503
Paraprofessional FTE used in this workbook	1,133.99

How to read this excerpt

This is a new portfolio excerpt from the published comparison workbook. It is not one of the original 35 customized reports prepared for local leaders.

The amounts describe estimated allotment funding. They do not show an observed employee raise or guarantee how a district spent the allocation.

The workbook uses a paraprofessional staffing count. Texas AFT's published raise examples use a broader support-staff denominator; those measures should not be substituted for one another.
